DIRTY DANIELLA

Dear JUGGS,

If you guys had any idea what you were doing, you would've hired me for the magazine layout instead of my friend Daniella. Did you guys know Daniella fucked almost every man in this dumb little town of ours including my own father and two brothers? If that wasn't enough reason why you shouldn't have used her, I'll give you some more. How about the fact that she has cooties on her pussy and spreads them everywhere? I know for a fact this is true because when our town's mayor fucked her, he got cooties on his wiener and his wife left him and he eventually had to leave town to let the scandal cool down since his wife Lurlene's brother runs the local newspaper.

Yeah, Danielle's a real piece of work and her tits are known as "The Community Chest" by everyone in town since we've all had our hands on them. Yeah, I said "we!" She felt me up in the bathroom of TGIF's when we both worked there as waitresses, and I was a little curious to see what all the talk was about. Thank God I didn't get cooties from her, but then again I don't have sex with women... well, most women. Point is, if you want a girl to be in JUGGS who hasn't been passed around like a joint at Snoop Dogg's

house, give me a call. I hope you like the pictures.

Jessie
Roll, OK

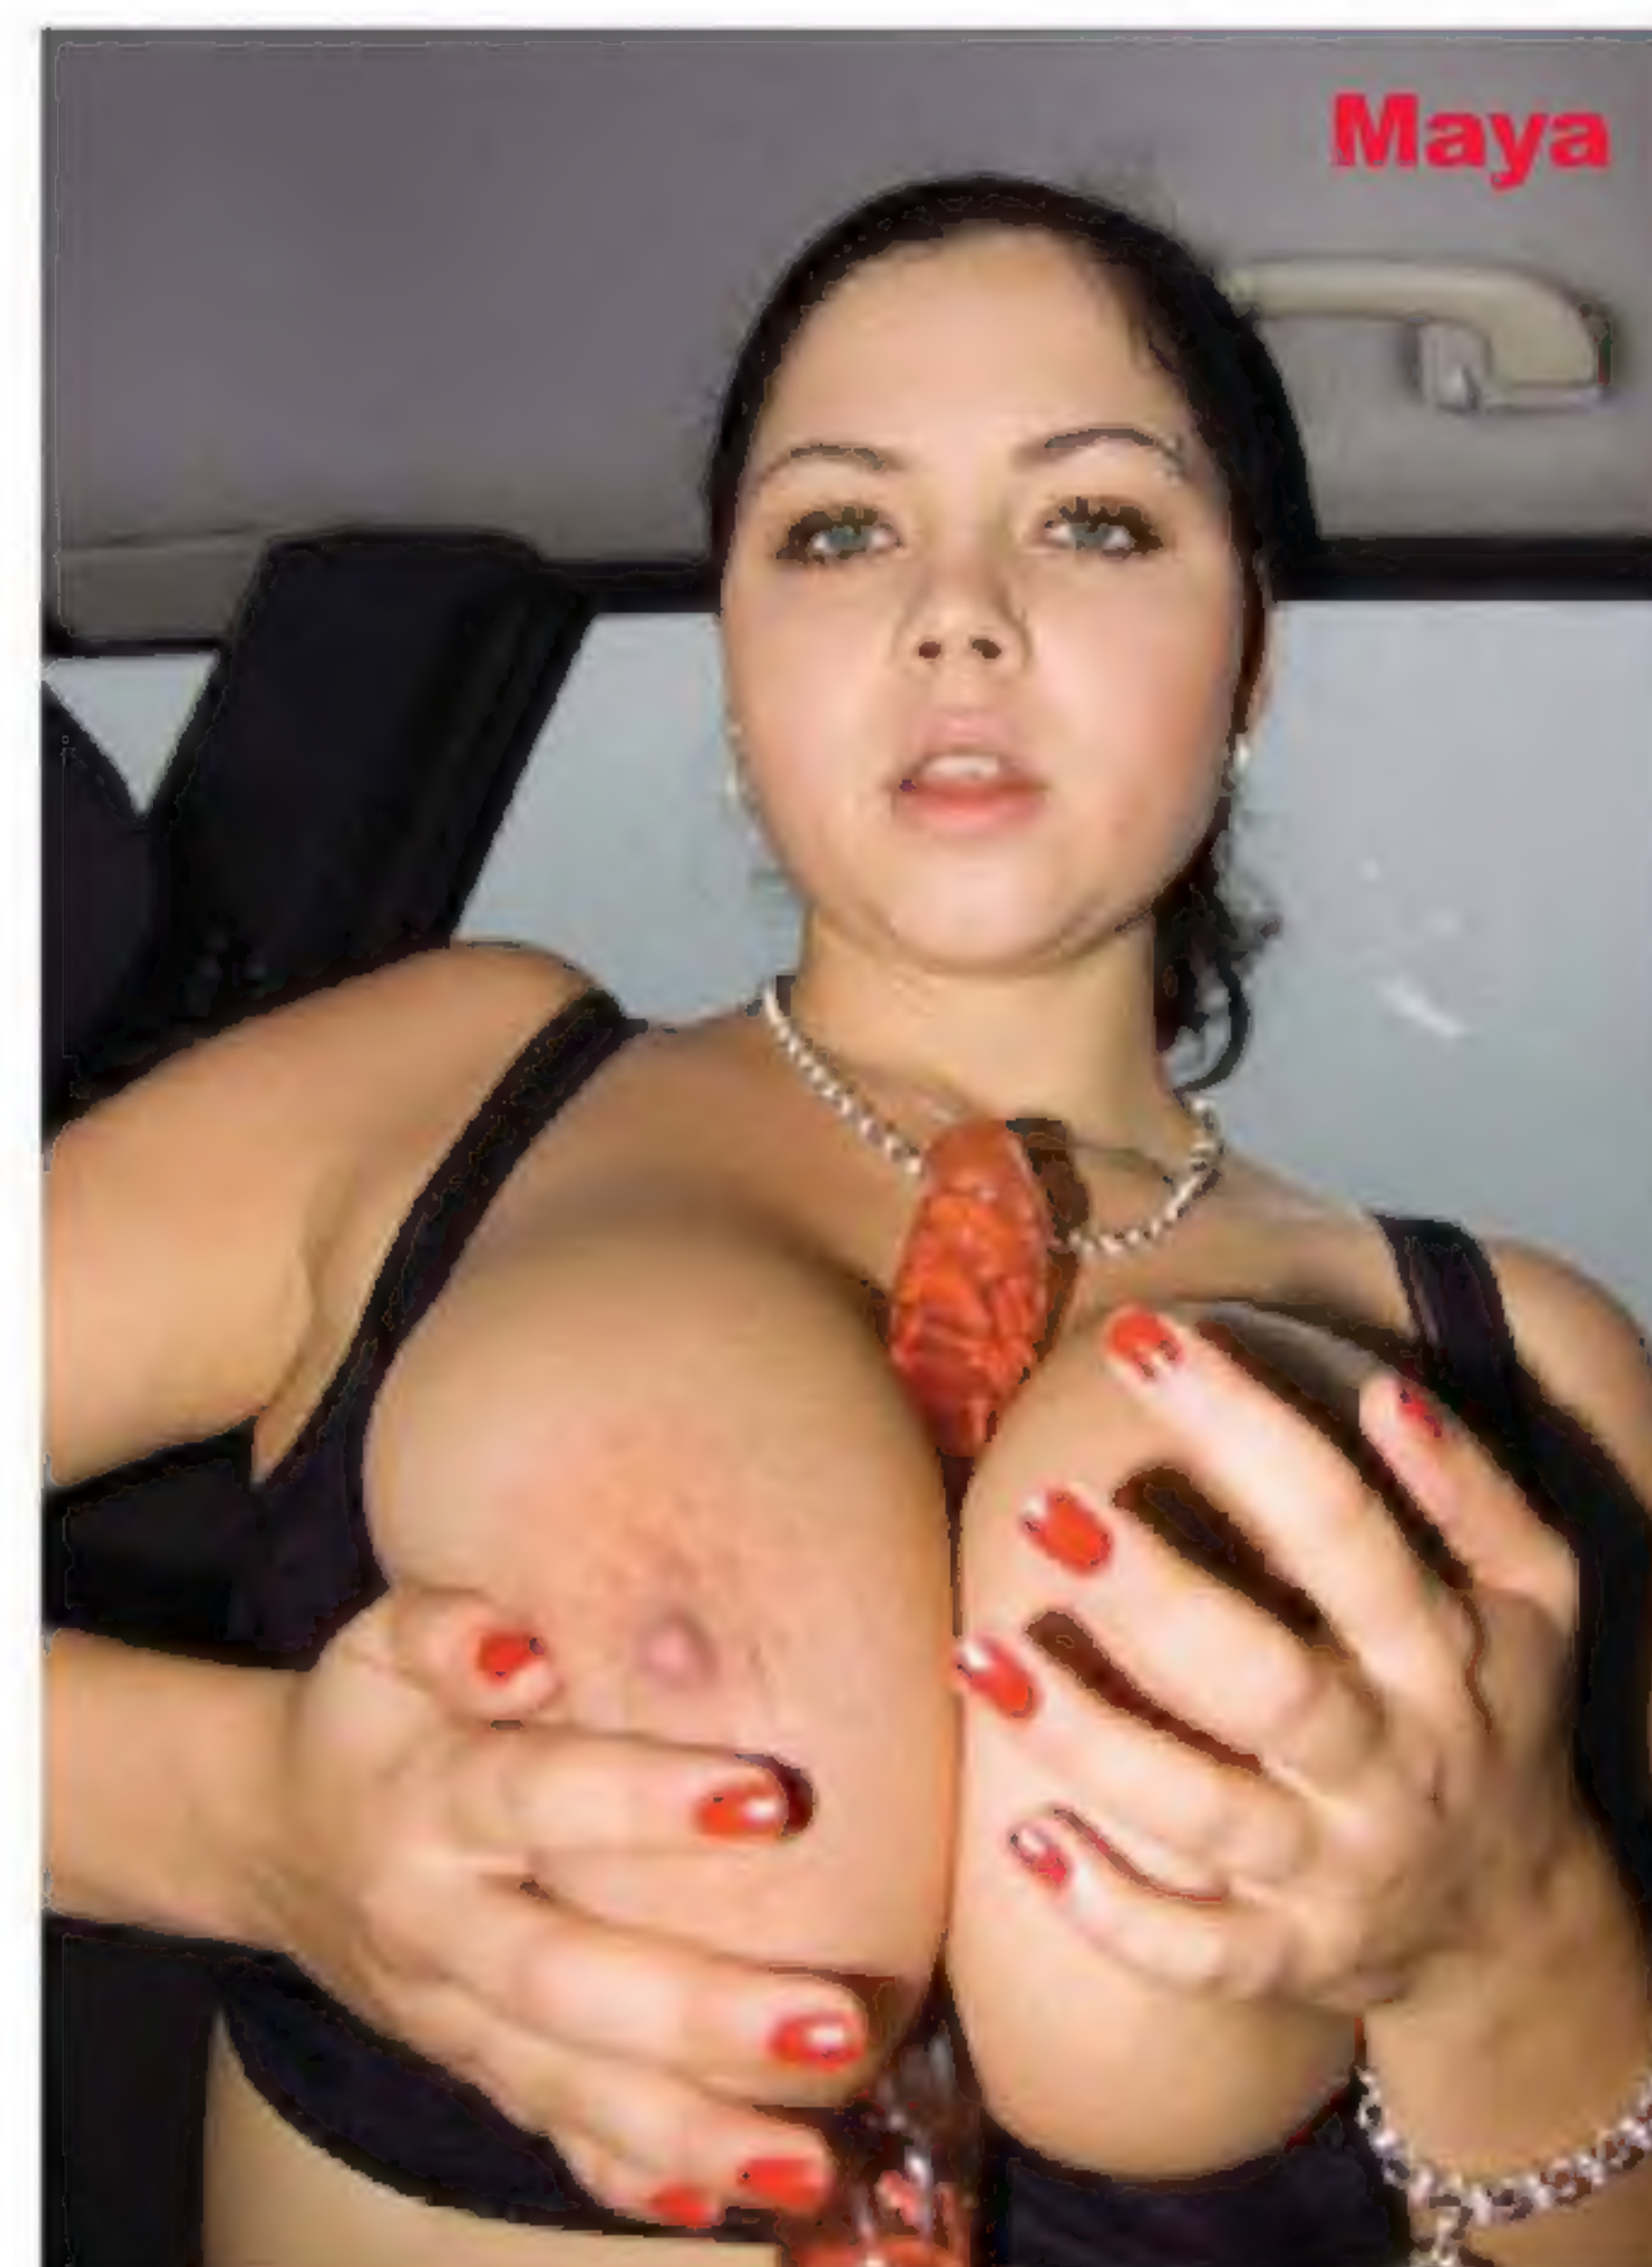

Dear Jessie, Your pictures are great, and thanks for sending them in. We might just hire you for a shoot sometime soon. We don't consider a girl's sexual history as a qualification for appearing in JUGGS. It's all about tits, not what she does with them. As for you young lady, we strongly recommend you start partaking of some of that dick in Roll, Oklahoma. A town so small it's not even on the map. Sounds like you could use a good banging to calm you down... maybe even a good spanking.

MAYA MY!

Dear JUGGS,

Your March issue was a masterpiece and none of the girls was lovelier than cuddly and curvy Maya. I like plumpers (as I wrote in once before) and Maya fit my specifications perfectly. My wife refuses to gain weight despite my desperate pleas, but that's not a conversation for public consumption. Anyway, I have my JUGGS magazine fantasy girls to fulfill my flab fetish, and I just want to thank you for another great call on Maya! Click! Click! Boom!

Maya

SMOTHER ME MAYA

Dear JUGGS,

Forgive me JUGGS for I have sinned. It has been seven months since my last confession, and in that time, I have taken the name of our creator in vain 2,112 times. I have also begun to accept the things I cannot change as my counselor and parole officers have recommended, and one of them is my need to have women with large asses sit on my face until I cannot breathe and begin to lose consciousness. It is a glorious state of ecstasy that defies words, and according to my primary shrink, this need stems from something in my childhood. It has been suggested to me that an older woman, perhaps a sister, mother or neighbor did this to me in order to restrain or discipline me for some reason. I doubt it. I have no recollection of such torments although I was frequently and harshly disciplined for my kleptomania.

Anyway, the sensation achieved from the near death experience of having two firm, dimpled, malodorous shit pillows nearly snuff the life out of me is enough for me to achieve full and satisfying sexual release without intercourse or additional stimulation. I can also ejaculate hands free with the aid of a telegraph key, six feet of speaker

Anita Queen

wire, and a lantern battery, but that's for another letter. Anyway, I'd like to retain Maya's services for my next smothering session, and implore you to put me in touch with her so I can get her rates and location. Thank you as always.

Latch
South Philly, PA

Dear Latch, We started to worry about you since it has been so long since we heard from you. Sounds like you're starting to really figure yourself out, and that's good. As always, thanks for sharing, and NO, you can't contact Maya, you deranged friggin' nutbag!

ORGASM QUEEN!

Dear JUGGS,

I loved all the big-titted babes in the March JUGGS, but I'd give anything to fuck your March cover and centerfold girl, Anita Queen. I mean ANYthing, including my car, an 84 Mercury Merkur in mint condition, and my collection of hardcore German porn magazines from the 70's. I must've strangled my chicken five times the first day I looked at her pictures. Wow! What a pair of tits!

SOMETHING ABOUT AMELIA

Dear JUGGS,

Once again you guys outdid yourselves with the March edition, and had a couple of super hot blondes in there. I loved Misty just fine, but I really, really, really grooved on Amelia. What a fantastic figure she has with that slim waist of hers and those large, pendulous boobs and tiny nipples. All that and her beautiful face, heart-shaped ass and bald, meaty pussy just made the whole package too irresistible.

CREAM DREAM

Dear JUGGS,

I know JUGGS is a titty magazine, and I like big tits, but I like shots of creamy pussy too, and you guys hit it out of the park with the layout of Celia in the March issue. Creamy pussy and nice fat titties. Awesome!

Amelia

Adella (& Friend)

Adella is one of those hippie types who crunches on granola and usually doesn't shave her pussy. (We asked her to do so for this photo shoot and she kindly obliged.) Not that there's anything wrong with hairy box, especially when it's beneath a pair of primo pups like hers. And we know there are probably lots of freaks out there that love nothing more than a face full of fluffy fuck follicles, but hey, it's just not our style. To each his own.

Anyway, the point is that because Adella's into improving people's energies and shit like that, she got into massage therapy long ago. She got tired of people at the parlors asking for happy endings, though, so she branched off on her own and has her own business now! We can't believe she was put off by happy ending requests — look at those massive floppy tits she's toting around! If she touched us for more than a few seconds, we'd be sprouting hard-ons faster than shit through a goose! Imagine lying on a table as Adella kneads the knots from your back, her bombastic breasts hovering over you, swaying back and forth and sometimes brushing your skin as she works her magic on your musculature.

Ever hear of a cock push-up? That's what happens when you get such a rock-hard boner when you're on your stomach that it lifts you up off the massage table. Adella told us she's seen it many times.

But here's the real boner about that: Adella doesn't dig dick. Yep. The reason she was so offended by requests for happy endings was that she's a bona fide rug muncher. A carpet cleaner. A sucker for the slit. She likes parting lips and licking pussy — not giving handjobs or titty fucks to every horny dude to come across her table. What a bummer, right? Here you've already jerked off to her picture and gotten the pages stuck together, and NOW you realize she probably wouldn't go near your cock in real life!

Well, the point is, Adella has specialized in her massage therapy. She's so good with her hands, and her hooters are such a catalyst for horniness in all sexes, that she's developed a special brand of "orgasmic massage" that she works on her all-female clientele like her brunette friend in the shoot with her who declined to give us her name though she graciously posed for these photos and took the 50 bucks and free sub-sandwich buffet. She starts out with a normal massage and works over the whole body, but when the client rolls over for the arm massage and inevitably gets hot and bothered by the sight of Adella's breast meat, Adella stops. "Would you care for orgasmic massage therapy? It's deeply relaxing," she says, and when she gets the breathy, panting, "Yes" in response, she rips off the towel covering the woman's naughty bits, starts working with her well-practiced fingers around, and then in, the client's cooze. Before long, she says, she's usually got the client flayed open on the table like a two-bit whore, screaming and red-faced and begging for more, at which point Adella tells her their time is up and that she can schedule another session for next week. Naughty little pussy teaser!

Kate

Kate is a slice of girl meat one doesn't normally get to partake of: she's like chef's choice, Grade-A, 100% natural, filet mignon fed on only the finest of grass. She's like a wine from the most ancient and venerable vineyard in Italy. She's like a sonata composed at the height of Beethoven's madness. She's... stacked like a double-stuff Oreo with a totally fuckable filling!

Amazing as it is to think of it, Kate didn't realize how hot she was for years. Despite her double Ds and delightful derriere, she thought she was just average looking! How could she have possibly missed the obvious signs of her own sex appeal, you ask? How could it be that she didn't notice the boners popping up in her wake? Well, you see, Kate was a manager for porn stars for nearly ten years. She got into the industry right out of college, and since she was surrounded by implanted, puffed-up, penis-pounding sex superstars most of the time, she didn't realize that it wasn't always the porn ladies who made men's eyes and mouth water: it was her.

She was used to watching men mount other women, and watching the other women have sex every day, but since she only got laid about half that often, she thought she must be sub-par. When she'd go out in public with her clients, their star power and slutty clothes would get stares, but her titanic titties and sweet smile got just as many. She just never noticed.

Kate tells us she got out of doing porn PR a few years ago and started doing marketing for mainstream clients. She suddenly realized men were actually looking at her! She'd go to a meeting with a prospective client, she says, and realize that the client, whether male or female, was staring not at her face, but at her rack, the whole time. All she had to do was wear a low-cut top and hand them the pen; they'd sign anything she put in front of them if it meant she'd come back again and bring her boobs!

After a few years, though, Kate got smart and put her old career together with her new one. She's now doing modeling and some softcore performing — and her own PR! Needless to say, when she came into our offices in a curve-hugging top and micro-mini skirt, we signed whatever she put in front of us, too. Turns out it was a contract for a photo shoot, which we were only too happy to provide, with a rider saying she'd get to ride one of our staff afterward. We all hoped she'd pick our personal staff, and in the end we hear she went with some intern or other. Guess she likes them young. But hey, don't fret, she still showed off her goodies for all to see, and we think you'll agree she's got a better, and more natural rack than those porn stars she used to rep!

Michelle B.

Michelle B. here is just a simple country girl from a farm in Oklahoma or Sheffield, England, or some other such place. She never had aspirations to get into nude modeling. As a matter of fact, she never had aspirations for anything other than having babies and baking pies, really. But, with a body like the one that she grew into as a young lady, Michelle B. was destined for far greater things than domesticity: namely showing off those terrifically tantalizing tits.

She was at the local salon getting her hair done one day when a dashing stranger came in and asked for a shave. Nobody had ever seen him before, but he was tall, dark, handsome, and from the look of his clothes and his car, very rich. Michelle fell instantly in love at first sight and started chatting him up. Shortly thereafter, they were having coffee at the diner down the street, and within an hour they were having very sweaty sex in the tiny backseat of his restored 1971 cherry red Mustang convertible off a dirt road somewhere outside of town. Turns out, the handsome stranger was a talent scout for a B-movie studio in Hollywood, and after tasting Michelle's sweet yet succulent sweater meat, he was sure he could make her into a star.

He whisked her off to LA, where he put her to work in a few low-rent slasher movies and pimped her out to a few of his richer clients, telling Michelle they were just nice men looking for a wife. She wanted to marry rich, so she went for it, but she was in love with the talent scout all along. One day she woke up to find him gone, and having already boned most of the eligible bachelors in the city, Michelle didn't know what else to do. Without her "manager" to help her get acting gigs, she couldn't find work — she was never much of an actress; she just had good representation and a much better rack.

So Michelle did what any woman with her huge hoo-has and itty-bitty brainpower would do: she started stripping. It almost goes without saying that her corn-fed curves and beautiful breasts made her an instant hit at the clubs, and within a few months, she was living the good life once again. She had so many suitors and sugar daddies she hardly needed to strip to stay in the money, but she'd finally found something she could do without any thinking at all, so she stuck with it, trying to be a productive member of society.

It wasn't long till word of Michelle's wondrously wobbly womanly parts reached the porn producers and eventually our ears here at JUGGS, and when we got our first peek at her perky pair, we signed her on for a photo shoot immediately though we had to wait a few years to get our turn. We even paid her double our usual rate. Hey, when you see a good thing, you grab it, right, boys? A few of us were lucky enough to grab those good — nah, great — gazongas, but we feel you'll have just as much fun at home grabbing your engorged jackhandle. Have at!

Photos by Steve Colby

We have featured Domino in JUGGS before, back in our May 2009 issue where she made the cover and talked about her role-playing games. Well, this time, the web and video superstar and XXX juggernaut Domino, despite her massive mounds and cup-pable curves, tells us that she is on something of a diet. She's one of those hardcore won't-eat-anything-with-a-face types, but she takes her vegetarian, eco-friendly habits a step farther than most: she will not eat anything other than fruits, vegetables, and nuts that have fallen naturally from their trees, bushes, or vines. No, seriously, she really won't. Because, in her words, "I will never do violence to a living thing that has not willed itself to be eaten."

...Yeah. Whatever. I mean how the hell does a walnut will itself to be eaten? Our balls have more brains and wills than a walnut! I wonder if, because we're willing her to suck on them as hard as we can right now, if her diet would let her eat our cocks? Seriously though, since when does an apple decide when it's going to fall to the ground to be devoured by worms? Isn't it usually kind of over-ripe by then? Kind of like Domino's floppy but fantastically fluffy boobs? They look like they'd have fallen from the tree maybe a few days ago, to be picked over by fruitarians like herself... or boobtarians like us! I wonder, if people can make up such ridiculous diets as the one Domino swears by, and apparently be taken seriously enough to earn their own classification (again, we're serious, that word "fruitarian" up there is real, look it up), can

we make one up too? Like boobtarians: men who devour big, baggy breasts with gusto. Or motorboatatarians: men who do not devour said big, baggy breasts, but rather smoosh their faces between them and make motor noises? How about snatchitarians: men who eat pussy for three meals a day? It's crazy, right? We could just start calling ourselves any damn thing we want based on what we like to put our mouths on!

But, hey, to each his or her own, and all that. If Domino can manage to keep a figure like that eating only fruits, then more power to her. But, being a red-blooded female, Domino, who hasn't eaten meat since she was eight, still gets cravings sometimes. Cravings for meat — specifically, sausage. Since her diet doesn't even allow her to eat veggie sausage (too processed, she says), she can't get her fix any way other than fucking the ever-loving bejesus out of any man that comes along with a suitably meaty Bratwurst. And she does. Oh, she does. Remember how we asked if she'd eat our cocks since we're willing them to be shoved down her throat? Well we got our answer right after this photo set was wrapped. Turns out, Domino needs meat in all her holes to feel full — fruit and veggies just don't do the trick sometimes, but sausage and nuts do. And, for an added protein boost, which she admits the fruitarian diet is lacking, she drank a freshly-poured protein shake made specially for her by our whole crew.

If we're inventing new classifications for dietary habits, we're going to go ahead and label Domino here a fruit-and-fuck-and-cum-a-tarian. Get how it works now?

Rhonda

You wouldn't know it to look at her, but Rhonda is a relationship counselor of a different stripe. Although she certainly will sit and listen to couples argue about who should take out the trash and how a spouse's unwillingness to bake reflects some kind of abuse early in life, she's got a more practical therapeutic technique than most shrinks. Rather than spouting nonsense about Freudian theory, Jungian behaviorist tripe, or breathing exercises, Rhonda recommends a simpler set of techniques to her clients: namely missionary, doggy, spooning, and woman-on-top.

Rhonda believes most relationship issues can be fixed with good, old-fashioned fucking, and we agree with her. I can't think of one gripe I've ever had against a "significant other," as Rhonda calls them, that couldn't have been taken care of with a sloppy blowjob or tie-me-up-and-spank-me session of rough sex. Rhonda agrees. Even in cases where the issues go much deeper than bedroom troubles, Rhonda believes that inspiring a couple with confidence that coitus can cure their relationship ills usually leads to better sex, more endorphins (aren't those fancy chocolates from Belgium?), and thus, happier, healthier relationships. She says she rarely has trouble inspiring the desire to bang in straight couples, and we tend to believe her. After all, her smokin' hot set of psychologically-motivating mammaries tend to give husbands and boyfriends some added fantasy material, even if their "significant other" is crazy, bitchy, or just plain ugly. Rhonda's so nicely stacked that even the grumpiest geezer would get horny thinking about her hooters, so a session with her and her "just fuck each other" suggestions is like a double-shot of Spanish Fly.

But there are difficult cases in which the therapy seekers haven't touched each other in years, or when erectile dysfunction rears its ugly head (or, rather, doesn't rear any head at all). In these situations, Rhonda's approach comes in more handy — and we mean comes. A dedicated therapist, she's willing to step in to help, for an added fee. Having, as she does, a penchant for eating pussy, Rhonda gets things going with the wife while the husband watches, and soon enough, he gets hard at the sumptuous sight of his wife or girlfriend getting slobbered on by her psychologist. Within a half hour, Rhonda reports, her methods have usually cured the problem and gotten the man to join in the fun. Mission accomplished! Relationship fixed!

We asked why a shrink of Rhonda's high standing would go in for posing for a titty mag. After all, seems like her reputation might be tarnished by her appearance in our tawdry publication. To the contrary, Rhonda says she's doing some studies on the effects of beautiful breasts in the sex lives of her clients. She's encouraged some of her couples to subscribe to our magazine and is waiting to see what they do when they see her in it! She predicts a surge of sexual healing. Let us know if it works on you and we'll report directly back to Rhonda, along with some floozy we've hired to act like our girlfriend so we can get some threesome action with Rhonda herself!

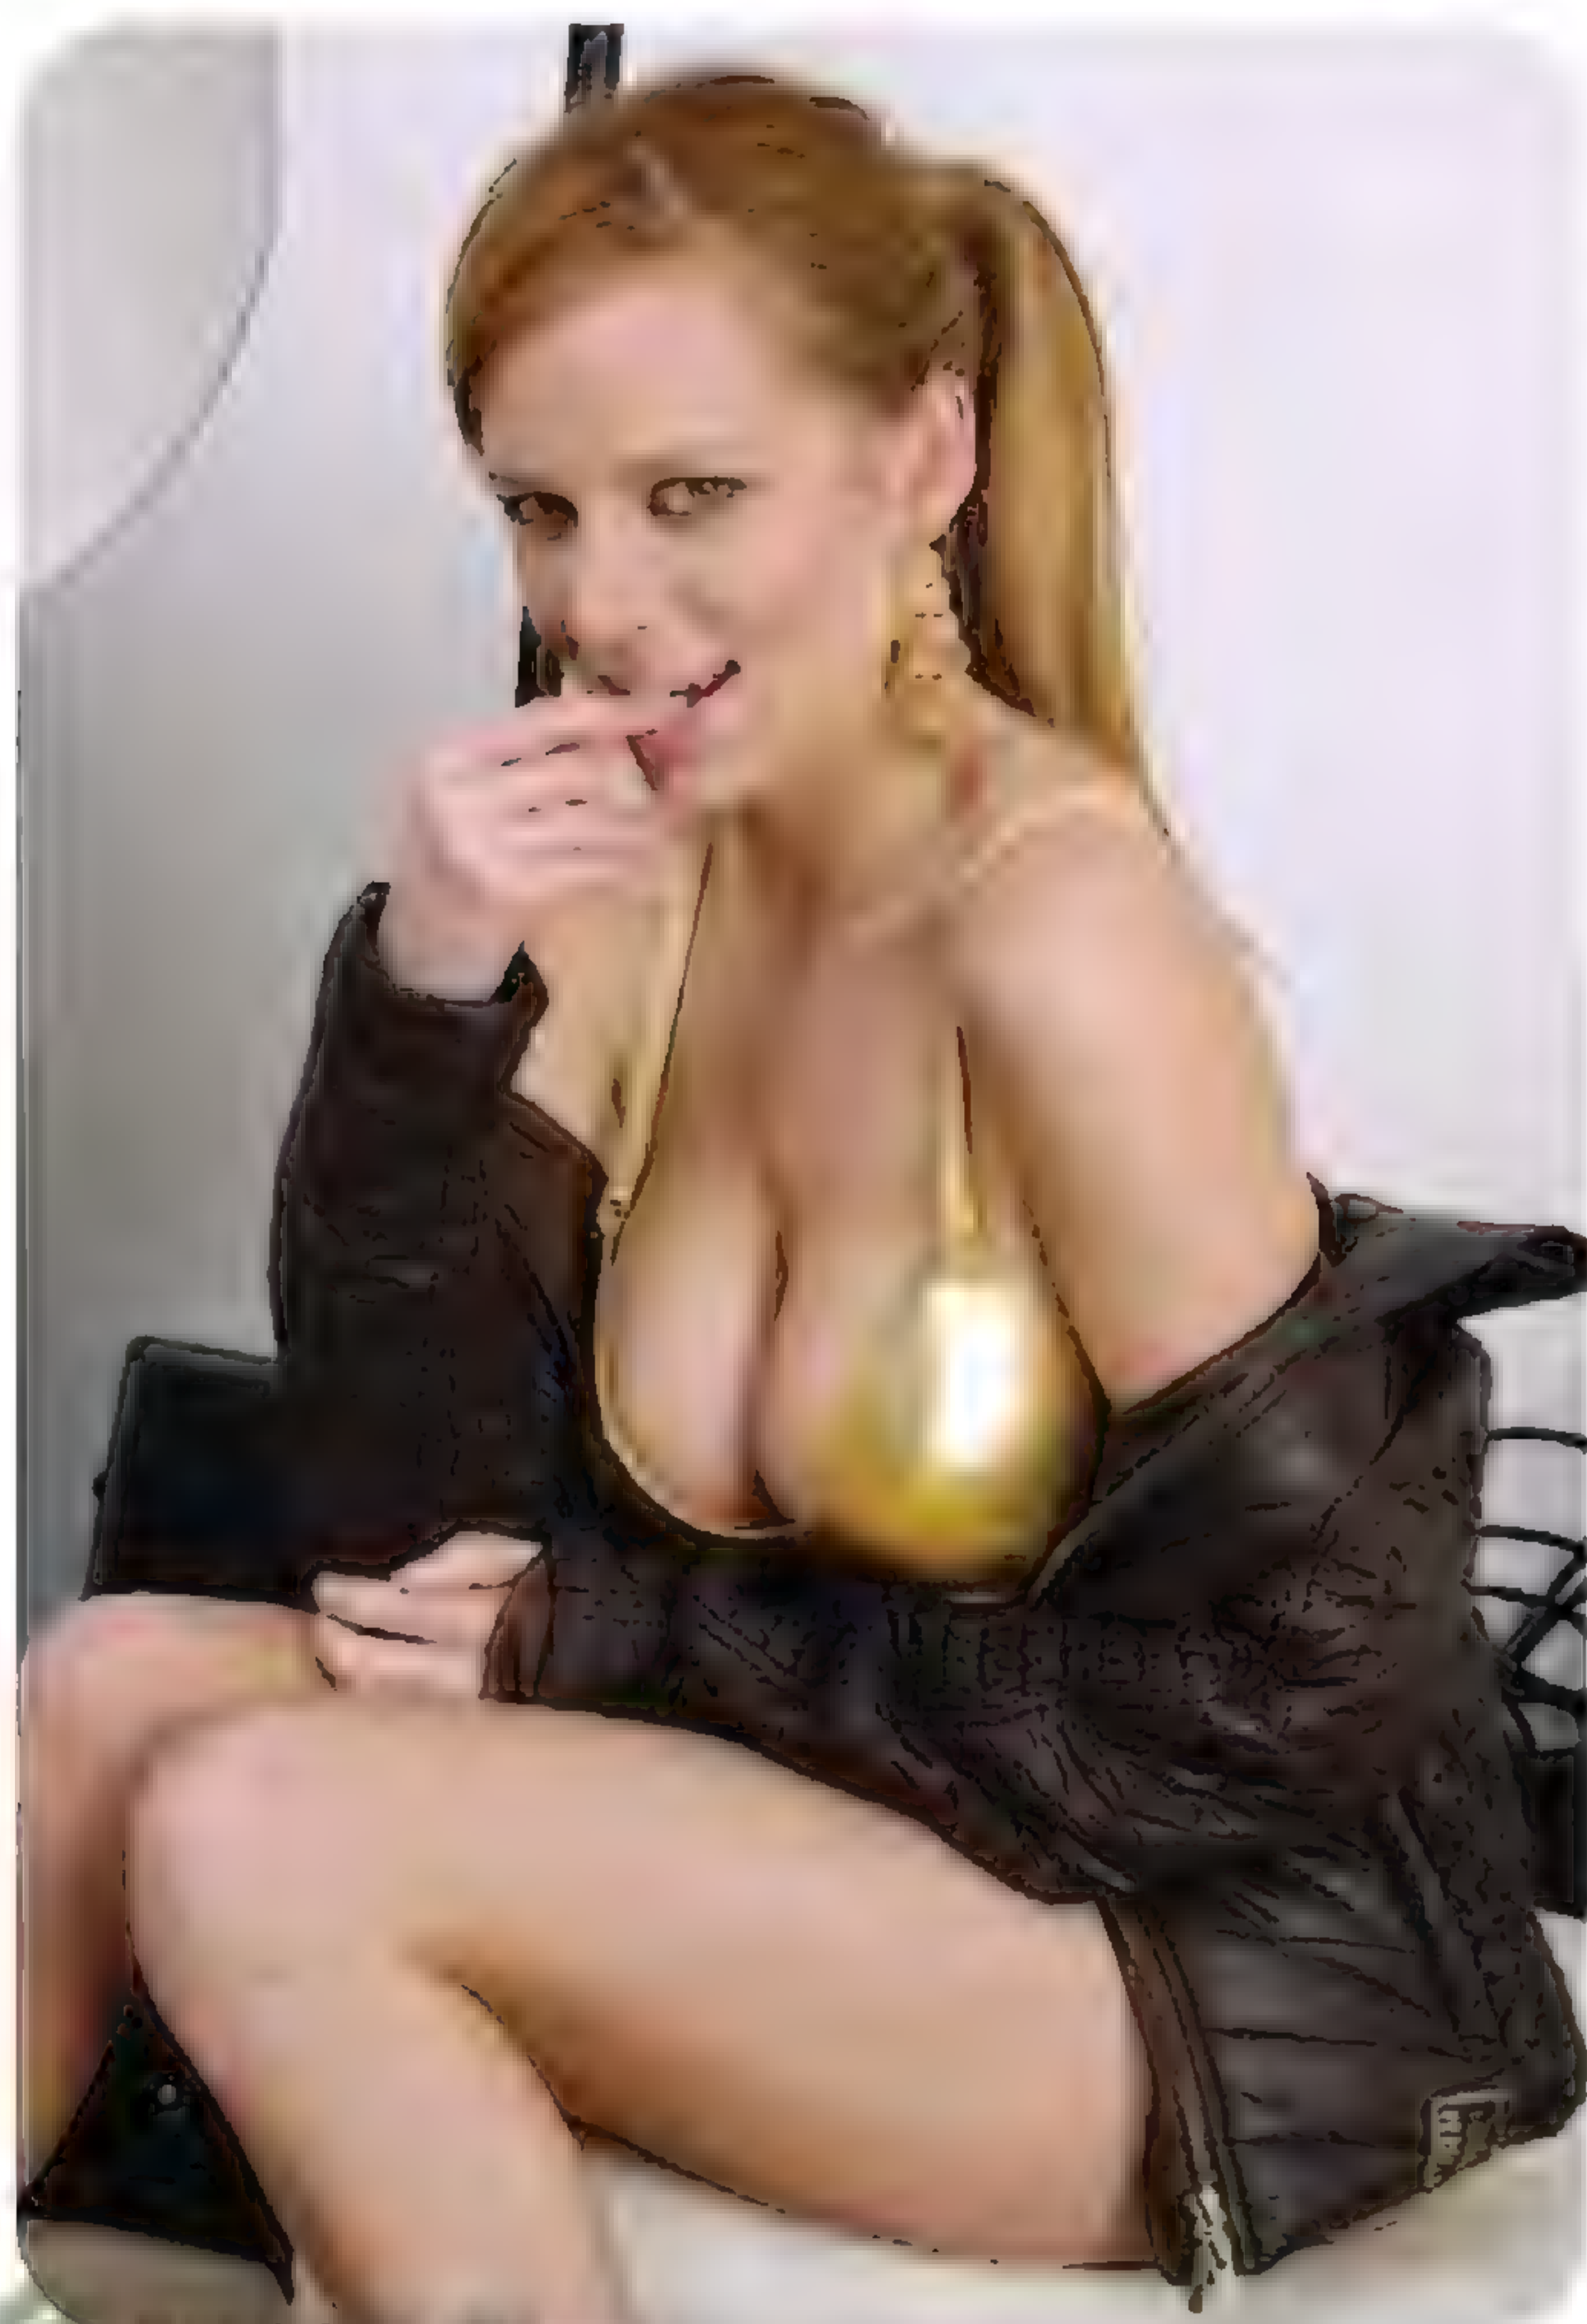

We had such an outpouring of love for Kelly when we featured her in December 2006 that we just had to bring her back for another look, and we couldn't wait. Since she has a bod just made for bikinis, that's what we had her wear for the shoot. Anyway, last time Kelly was here, we told you she was a secret British agent, and while she didn't say why, she did tell us she is no longer involved with that kind of work. Kelly here has always been a country girl with a country pair of jugs and now she has a country profession: she's a country and western crooner... so she says (wink, wink). She's been touring the American south and west for months, strumming her six-string and wailing out her heartstrings on the stages of line-dance bars in 20 states. But that life on the road can take a toll on a girl, and a girl with a pair of pendulous pillows like Kelly's needs to take extra special care of her extra sexy self, so she recently took some time off to relax, revive, and recline for our camera.

A while back, Kelly realized something. She'd been involved with her government work and then out on the road so long as a singer that she'd never had a real relationship! A few trysts with tour managers and the occasional studio musician had stayed around for a few weeks, and sometimes she'd sleep with a fan, but that was all. It's a shame, really: Kelly's got a wonderful set of wobbly warblers on her chest that we'd give our left nut to get to snuggle up to every night! Yet nobody ever stayed with her long enough to show her cooch the loving care it deserved.

So, Kelly says that she is all about finding a man now. She said it has been tough going if you can believe that: most of the men she met were either her superiors at her intelligence job, enemy agents, or lately, just music fans who wanted to bang her and go brag to their friends. Not that she's got any problem with a quick bang — she just wanted more than one night of jackhammer humping. Finally, she said, she met Roger. Roger was a sweet guy who wanted the same things she wanted — namely lots of sex and some understanding. They seemed like the perfect couple. Within a few weeks in late 2010, they had committed to exclusive dating. Kelly says she'd never been so happy: she knew where her cock was coming from every night and she felt fulfilled.

However, as time went on, her abrupt career change, and the country music circuit fall touring season loomed ahead, Kelly realized something: she couldn't write sad songs about being lonely anymore! And what's a country singer supposed to write about if she's not heartbroken? NOTHING! Well, Kelly decided she could put off the tour and see if maybe she could really settle down as a housewife. A few weeks after she'd normally have left for her tour, though, she told Roger she'd like to get married... and he told her he already was married! The two-timing sonofabitch had been lying all along!

Makes us dudes here at JUGGS wanna strangle him, but hey, with a pair of pop-country pups like those on the line, we'd have said anything to keep burying our face in their cleavage night after night, too. Lucky for the country music community and cock-jockeys everywhere, Kelly is now back on the market and not looking for any more committed relationships, EVER!!! Her heart was so thoroughly broken by Roger's betrayal that she says all she wants now is fast fucks and a guitar to sing along to. Well, we've got a few lighting-fast fellas for you, Kelly... even if you do have a little trouble telling the truth (secret agent? yeah, right!)? Have at, boys!
